Get Tough Says Rogers

In keeping with the intention of his bill providing for cutting off all trade with Cuba, without a dissenting vote, Congressman Paul Rogers asked Secretary of State Rogers to Ambassador to OAS to take a "strong position against Cuba" when it meets.

Ambassador Morrison informed that the Congressmen that public opinion in Latin America is now turning against Castro, and that at least two-thirds of the people represented in the OAS have already broken off diplomatic relations with Cuba. A problem of effective action does not exist, however, due to the fact that Argentina, Brazil, Chile, Mexico, some of the largest nations, have not broken with Castro as yet.

Both the Secretary of State and the Ambassador to Congressmen Rogers that strong action would be sought. Rogers urged that there be no weakening of the United States position at the conference, and that if we are not to get O. A. S. cooperation, the Congress would demand action of our own.

Patonettes Participate In Out Of Town Parade

The Patonettes under the direction of Pat Anderson, sponsored by the Recreation Department of the City of Belle Glade are again billed in out of town parades.

These girls in their colorful uniforms and snappy strut routines are good advertisement for the city. One of their most recent was in the Junior Orange Bowl Parade in Miami Beach.

40 people from Pahokee and Belle Glade made a day of it and had a wonderful time.

Need Larger Hospital?

Superintendent Saunders reports from bed in his own home, recuperating from "flu," that the hospital has 72 adults and children and five babies as patients, while only set for 45 and 121.

Presently, over 200 new-born babies could be cared for. Beds were borrowed from Cleveland to care for other than new-born infants.

This week the two boards will hold a joint meeting to discuss further possible consolidation and the building of one centrally located facility.

Do you think the community needs increased hospital facilities?

"When I was fully convinced, the face of official denial, that Fidel's government was communist, I put into action plans hastily formed for getting word, contrary to facts," Al Fors of Jeanerette, La. told Rotarians Friday.

"When I was sent to Virginia by Castro's government to purchase \$1 million dollars worth of peanuts of a certain variety for seed and found that there was more than the total crop produced, we substituted other varieties, only to see more than two thirds of what we did purchase lost in storage," he said.

"Further experience in higher echelons of Castro's government was denied me because of my inability to go along with slanted, watered and untrue reports concerning research re-

Fallout Shelters Again Discussed

The public is again being informed that SOMEBODY is going to do SOMETHING about fallout shelters.

Two county-based engineering firms have been delegated by the U. S. Engineers to "survey" Palm Beach County by "map surveys," whatever that is. When somebody gets around to it, maybe at a later date, a "look-see" at the buildings to see what must be done in order to make them effective

FSU Coach Peterson Is Guest Speaker At Awards Banquet

Florida State's head coach, Bill Peterson was the speaker at Belle Glade's annual awards banquet Monday night. He had high praise for the Belle Glade football team.

He gave an interesting talk about football at FSU, and leadership and character that can be attained by participating in football. According to Peterson, as much character is built on the one yard line as any other place in the game.

C. E. Crichfield gave the outstanding defensive lineman award to Ken Martin, Charles Cox of Cox Jewelry presented twin trophies to Tommy Bass and DeWight Ward as outstanding players. Normally, only one trophy is awarded, but this year's election ended in a tie.

This year's Ram team finished strong with a 5-1 record. They were the only team to defeat the conference champions and the league's leading scorer in DeWight Ward.

Mr. Roberts says, "Because dormitories will be constructed during the early phase, housing for on-campus students will be at a premium, thus making it necessary for most students to commute."

"It will not be impossible nor unusual for students to travel an hour, or even two hours, a day between home and school provided routes are available for quick access. Boca Raton would not be over 42 miles from Belle Glade over such a direct road."

The famous United States Navy Band plays matinee and evening concerts in Belle Glade on March 13th. Copizant of their billing, as "The World's Finest" Navy Band will offer their musical best in the High School Auditorium under the direction of the Navy Band.

In 1923, an act of Congress, designated the Washington Navy Yard Band as the permanent official United States Navy Band. Since that year, they have toured the country dozens of times and played their way into the hearts of millions.

The first available recorded entry written into the log of the American flag "Brandywine" on July 25, 1815, when one James F. Draper was signed aboard as a musician. His pay, indelibly recorded beside his name, was ten dollars a month.

In 1838, the Pay Table of the Navy Register (during Martin Van Buren's Presidency) recorded the first Navy Band to receive compensation. This group consisted of a bandmaster, four first-class musicians, and one second-class musician, and was not much larger than a modern string ensemble.

When the United States summoned its men to arms in 1917, stirring music was required to cheer the departure and welcome the return of the uniformed thousands. The finest talent of the great symphony orchestras was recruited into the Navy, as the government made every effort to fill the need of sailor, soldier and civilian.

The Navy Department sent the need for good music to provide inspiration on the home front and help build spirit and morale in the Navy. It turned their thoughts to the Washington Navy Yard (now Naval Weapons Plant). The Navy

Breaking and Entering

The police have now charged ten adults and five juveniles in jail, and have turned seven others loose charged with the actual robbery and breaking and entering, while the others are material witnesses.

Evidence given and confirmed is that the Jamaican asked to be taken home from the ditch, and when taking the ditch upon dollar from a pocketbook he displayed a "roll" which led to his death. The driver with the assistance of a passenger took the Jamaican out along a canal and roadway and relieved

Articles taken from each of those reported to have been entered, except the Glades Laundromat, which had not been reported to the police.

One radio taken from Chapell and Betzner was recovered, but had not been reported to the police.

Other businesses entered include Cox's Jewelry, O. K. Dixie Store, Oax's Bar, H. Bar, Ed. Store and Meek's Laundromats. Little Harlem Cafe and Polar Bear.

Auto Thefts

Seven automobiles were stolen and recovered during the period at a value of \$25,500. Of the 30 cases reported, all except the larceny of mail and forgery are cleared.

Leuk. Louis Lowery, Sgts. Folsen and Geo. Farrell of the Detective Bureau handled a majority of the cases and arrests.

There are warrants out for four additional suspects, but of the 30 cases reported, all except the larceny of mail and forgery are cleared.

Shortly after dawn the King Bros., circus cavalcade of traveling wonders reached the show grounds at Corner N. W. Canal and South 14th. With amazing speed elephants, horses and men were busy erecting the circus dining tents, the big top and all the units of the canvas city. The cookhouse was first in operation, but the performing and menagerie animals had been fed by the time the first relays of workingmen and bosses sat down in the dining tent for a piping hot breakfast. Throngs of sightseers were on hand to enjoy the picturesque scenes, moving from the cookhouse to the big top,

where elephants were showing quarter poles and seat and rigging wagons into place. By noon the big top, menagerie and side shows were ready for the performance this afternoon. Shortly after midday the side shows were attracting huge crowds with ballyhooing free exhibitions.

The King Bros., 3-Ring circus performance features, among its impressive array of big top stars, the Great Jeschke, a man who stands on his forefinger; Kaichi Koban, who walks up a stairway on his head; Christine Barbara, England's famous bareback equestrienne; Captain Mat Lawrish's acclaimed troupe of educated dogs and ponies; the renowned Melrose family of acrobatic acts; the King Bros., famed herd of performing elephants; and Ernie Bullard's Puma, Seattle's clown and pet animal comedians heading the many clown displays.

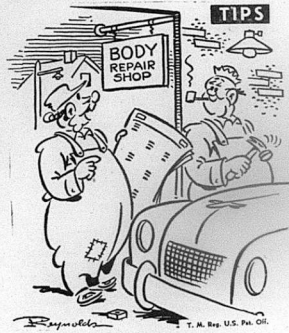

In addition to the afternoon

performance, another exhibition will be given tonight. Doors to the menagerie open at 7: p. m. On account of the length of the big show, it will start promptly at 8 o'clock. Soon after midnight the circus will be enroute to Jupiter where it will exhibit tomorrow.

Uncle Dan from Doolie Says:

Dear Mister Editor:

Zeke Grubb's preacher come by the country store Saturday night, said he was feeling mighty rested up on account of not having but two Committee meetings all week.

The meeting of the Attendance Committee, he reported, went as smooth as a frog's back. Didn't but two of the ten members show up and all business was transacted in about five minutes flat. Half of that time, he said, was took up with his praying and closing prayer. The good Parson allowed as how he had to open and close everything with prayer. He said he wasn't again prayer, but he was beginning to feel like a zipper with all this opening and closing business. He told the fellers it would be more effective for the congregation to do more of the praying. He couldn't afford

to mention it, he claimed, on account of the congregation would say he was getting paid for it.

He said the best preacher every heard was the one Rufe Zinder made last summer when we was needing rain. Rufe put his hands in his pockets, looked down at his shoes and said, "Almighty, you know how bad we is needing rain. We'd be mighty obliged if you'd send us some. Thank you, Amen."

And seems like I recollect, Mister Editor, that we got a mighty fine rain along about that time. But the meeting of the Sunday School Committee, he reported, was a little rough. First off, he said, Ezekiah Adams, chairman of the Committee, reported they was a heap of complaints amongst the congregation on account of the teacher of the Men's Bible Class spending the lesson time talking politics instead of talking the Bible. Ezekiah figured most of the complaints was because this feller's politics was wrong and that he'd either have to change his politics or stick to the Good Book. The members was all agreed they wasn't no hope for him to change his politics and less chance of keeping him from talking about 'em. They voted to transfer him and let him teach the Adult Woman's class on account of nobody in that class listened anyhow and he couldn't do no harm there.

The Good Parson said the Sunday School was a steady problem with country churches. Per instance, he reported, there was one teacher at his church that always spent her class time running down the things he preached about the previous Sunday. He allowed as how this wasn't fair on account of the teacher having 45 minutes and the congregation wouldn't get still more'n 20 minutes for him to reply. He said that was one reason he liked to come by the country store about once a month. The fellers, he allowed, always give him plenty of time.

Are YOU Wondering...

Like so many other people, whether you should buy new furniture, or have your old upholstered.

If so, please read this ad!

The first consideration should be, do you like this particular piece of furniture, the style and comfort qualities. The second thing to consider, will your furniture be as good or better than the original. The answer, very simple, the fabric, more than any other one thing determines the value of your furniture. Manufacturer's fabric is usually much cheaper than you would use to upholster your furniture.

The third consideration is the assortment of fabrics that are available to you. We have hundreds of fabrics and vinyls, all prices, colors, patterns, finishes and quality. Your upholstered piece can be original. The fourth consideration is the cost. This varies with every piece of furniture. It is determined by the style and complexity of each piece, plus the cost of material used. The total upholstered cost in relation to the original cost also varies. If you have good furniture, the cost will be approximately one-half the original cost.

If you are still wondering, then call us today we will be glad to give you a free estimate, and help you in any way we can to make a decision.

First Baptist Adopts Record Financial Budget Plans To Increase Individual Participation

Campaign newspapers, tracts, special Sunday School Stewardship lessons, stewardship testimonies, sound motion films and a church-wide loyalty dinner are a few of the many features now underway at First Baptist Church, N. W. Avenue B at First St.

The church is using for the first time the Forward Program of Church Finance. Other churches of the Southern Baptist Convention have enjoyed outstanding success with this plan. This is not a stewardship revival or study course. It is a total effort to inspire all efforts, through all promotional media, utilizing the regular organizations of the church, as well as Sunday services.

The campaign committee personnel include: Rev. Luther A. Key, Pastor. Rev. Edward M. Straner, Assistant Pastor in charge of Northside Chapel. Mr. Brown Satterlin, Minister of Music. General Chairman — Dr. W. T. Forsee Jr. Budget Planning Committee Chairman — W. E. Schleicher, Sr. Budget Promotion Chairman Mr. Carl Hill. Budget Pledging Committee Chairman — Mr. Jack Little.

Loyalty Dinner Committee — Mrs. S. M. McMillen. Reservation Committee — Mrs. Iva Schoepfel. Tally Committee — Mr. Edwin Rice. Children's Party Committee — Mrs. G. F. Pittman. Stewardship Lesson Chairman — Mr. F. L. Harris.

Also serving with the above chairman of committees are a large number of members from various organizations within the church. The campaign is designed to inspire individual church member and Sunday School member participation in meeting the challenging budget goal which exceeds \$73,000.00 for 1962. The overall budget goal includes a fair percentage of the total for building purposes. First Baptist plans to get underway with an expensive building program with in the next few months which will provide more adequate space for its educational ministry and to afford more suitable and convenient auditorium space for the several hundred who are now attending its regularly scheduled Sunday worship services.

The campaign reaches its apex on February 1st with a church-wide loyalty dinner to be held in Jameson Hall of the Community Methodist Church. Dr. Forsee, General Chairman, expects approximately 400 men, women and children to attend the nights activities with children eight years and younger being entertained at First Baptist Church with special activities while all other members of church and Sunday School attend the loyalty dinner.

Dr. Forsee announces that the guest speaker will be the outstanding Dr. Stephen Zukor, pastor of the Baptist Church, Melbourne, Florida. Dr. Zukor is widely known in Southern Baptist circles, especially in the South Carolina, from which he recently came, to the progressive First Baptist Church in Melbourne.

The Rev. Mr. Kev, new pastor of First Baptist, said that in his several years experience as a pastor of Baptist churches, he has never seen such a wholehearted spirit of cooperation as is evidenced throughout the entire congregation. He further stated that he believes that with the foresighted vision and spirit of cooperation and willingness to participate in the total program of the church, it will be only a short time until First Baptist begins construction of facilities suitable to meet the needs of the growing population of Belle Glade. Already the program of First Baptist is being stepped up to meet the demands that our city is now making upon this vast growing church.

South Bay Baptist Church Vote New Pastorium Educational Bldg.

The First Baptist Church of South Bay voted to build a new Educational Building and Pastorium at their regular monthly business meeting last Wednesday night and also put the present pastorium and youth building up for sale to any interested persons.

The Educational Building will house the Beginner, Primary, Junior, Intermediate Church People's departments and will also furnish a church kitchen and recreational hall.

A Block Club has been started to raise 5000 blocks for the new building and pastorium. All members of the church and offi-

ers wishing to participate are encouraged to buy blocks for the building at 25c a block. Those wishing to help establish these blocks, may contact the Block Club Treasurer, W. C. (Pappy) Allen. A drive to raise \$10,000 dollars for construction is underway with Mrs. H. C. (Mother) Willis serving as Treasurer.

The present youth building and pastorium are to be sold to help purchase the new building.

BUY INSURANCE THIS WAY?

It's dangerous buying automobile protection on a price basis. Many people insuring with "prudent driver" companies find themselves involved in an accident later, after all claims have been paid, their policy is cancelled because they are no longer "prudent drivers". Regular companies that hesitate to insure people who have had their policy cancelled and falls find themselves without insurance. Don't take this chance. And you won't if you buy your insurance from a local, independent agent.
